

ALAZAR ASDESACH

PHOTOGRAPHER
VIDEOGRAPHER

SUMMARY

Owner of a media production business with 6 years of experience in high-end photography and videography. My work is focused on delivering high-quality content, from directing full-scale wedding productions to managing digital media for Lole Evangelical Church. With a technical background in Computer Science (BSc), I bring a unique blend of creative content creation and technical precision to every project.

EXPERIENCE

OWNER & CREATIVE DIRECTOR

Private Production Business
2018 – 2025

- **Directing full-scale wedding productions**: Leading end-to-end photography and videography for high-end events and weddings.
- **Content creation and digital archiving:** Managing professional media assets and creating viral content for TikTok and YouTube.
- **Technical production management:** Operating professional-grade gear (Canon and Sony) and audio equipment to ensure high-quality delivery.

SOCIAL MEDIA MANAGER

Lole Evangelical Church (Hawassa)
2021 – Present

- **Digital strategy and community management:** Developing and executing social media plans to increase church outreach and engagement.
- **Institutional content distribution:** Coordinating the production and scheduling of weekly updates, event highlights, and live streams.
- **Educational and community outreach:** Streamlining communication across multiple digital platforms to maintain a consistent institutional voice.

PROJECT LEAD & DEVELOPER

Lamba (Fuel Management System)
2021 – 2023

- **Database administration and system logic:** Built the back-end architecture for a streamlined vehicle registration and queuing platform.
- **Scaling technical solutions**: Developed the logic for real-time inventory and station tracking to improve resource transparency.
- **Interface design and technical precision:** Bridged the gap between Computer Science principles and user-friendly design for station operators.
